

Leaving Purdue

Felix Lin, May 2020

After six wonderful years at Purdue (2014-2020), I will join the Department of Computer Science at the University of Virginia in Fall 2020 as an associate professor. I am extremely grateful for the tremendous help and care I have received from Purdue and my colleagues in past years, and that for both Purdue and UVA granting me tenure(s).

My family will miss Purdue and Indiana for sure.

For Purdue students I knew & taught: I will be happy to provide letters and advice. To contact me, see the instructions on my website.

Boiler Up!
